OUR NEW ADDRESS

About a month ago we moved to our new address. We are glad that we made this change as we now have ample space and facilities to take care of our increasing business. Small orders for parcel post or express shipment are handled separately, while heavier deliveries are efficiently handled through the freight entrance on Jones Alley. Our facilities are excellent for large motor freight consignments.

Come and visit us when you are in New York and make our office your headquarters. 678 Broadway is easily accessible to all parts of the city, just telephone us, Gramercy 7-7540 for directions.

Kindly change our address on your mailing list so that we will receive your letters without delay.

FLOWER SEEDS

Flower Seeds are listed on pages 4-12. Some 1952 crop items are already available and others arriving daily. If you need early delivery to start your pack we can be of help to you. Let us know what you require.

We represent in this country T. Sakata & Co., Yokohama, Japan who have introduced many new Flowers and Vegetable Seeds to the trade, among them, All Double Petunias, Petunia Glow and First Lady as well as Celosia Flame of Fire. Since they produce large quantities of Flower Seeds for the American Trade it will pay you to consider them as your source of supply when you place your contracts for your future requirements. Send us your list for quotations.

While it seems inconceivable that the shortages of last year (remember the scramble for Zinnia and Astor Seed) will be repeated, the availability of Flower Seeds should be considered. Acreage is smaller than usual, yields are not heavy and the demand certainly better. Therefore, we recommend early orders and a conservative increase in inventory.

Write us about your requirements of high germinating Salvia Seed.

VEGETABLE SEEDS

ONION — Fortunately we have a small importation of Island grown 1952 crop Excel 986, also a few bags of domestic 1951 crop Excel available.

Yellow and Red Bermuda and Crystal Wax are now ready for delivery, also Red Creole.

CABBAGE — Watch your supply closely. Some varieties are already in short supply. Carry-over has disappeared and European Crops are short.

TURNIP SHOGGIN — We produced a crop in the northwest from stock seed supplied by the originator. A small quantity of this fine seed will be available after filling our contracts. For 1953 T. Sakata & Co., are again contracting at attractive prices. Write to us for quotations which mean real fine quality and a worth while saving.

TOMATO — We need Grothens Globe for immediate shipment. Can you supply? Available are choice stocks of Marglobe and Valiant, see Page 3 for complete list.
